

Your skills tell a *bigger* story

Let us help you show them off. Update your career profile with your skills, experience and aspirations to get more out of your career resources. The more you share, the more personalized your experience.

CAREER NAVIGATOR

See where your skills can take you

Bring the skills you've built through work, life and education together to explore new opportunities and plan your next steps.

SKILLS PROFILE

Better understand your strengths

Bring your skills together in one place to better understand your unique strengths and the value you've built.

JOB EXPLORER

Spend more time applying

Get relevant job matches based on your profile, so you can focus on applying, not searching.

AI RESUMÉ GENERATOR

Bring your story to life

Create tailored resumés that showcase your skills and experience for opportunities you discover in Job Explorer.

CAREER PLAN

Build a clear path forward

Share your experience, interests and aspirations to build a personalized career plan with clear, actionable next steps.

CAREER ADVISING

Support for every step

Career advisors share tools, strategies and insights to help you take charge of your career journey.

GET STARTED

Here's how:

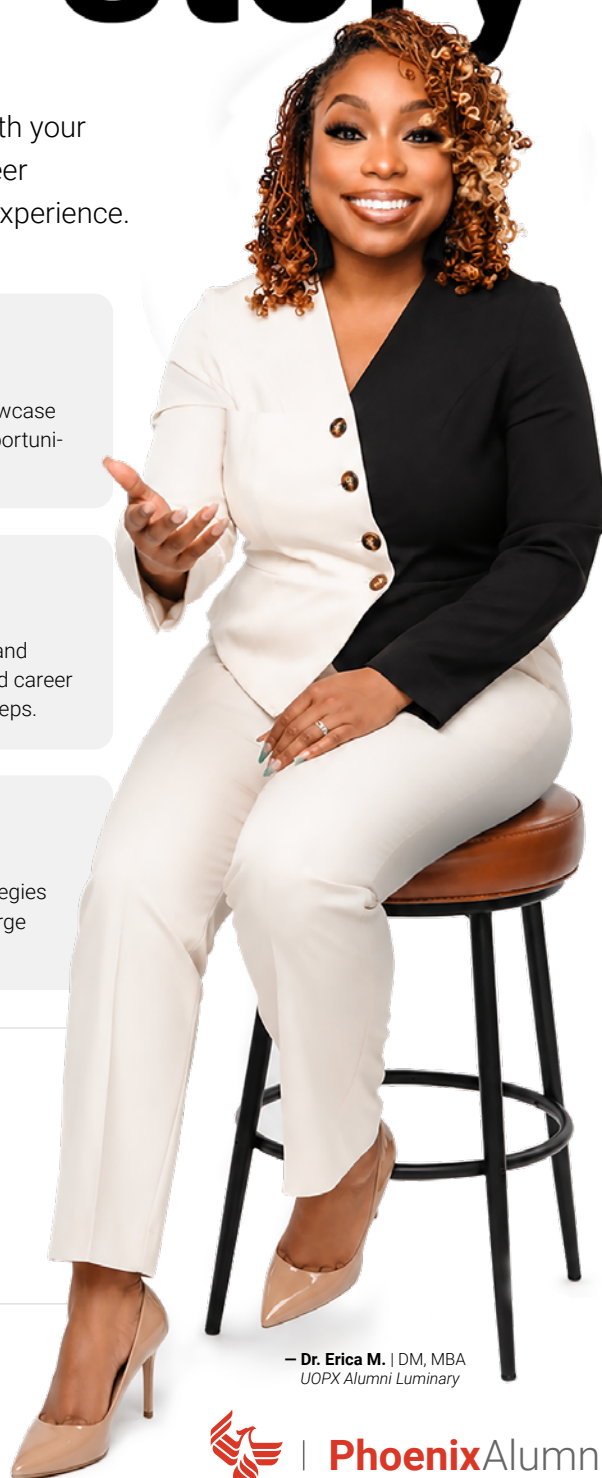

1. Log in to careers.phoenix.edu
2. Update your Career Navigator profile
3. Discover what's possible
